Dear Chairman,

Here are the 3 architects specialized in residential designs.
They are based in Miami, US.

1- Marc Michaels:

marc-michaels.com

2 - Nasrallah Architectural Group:

3-John Henry Architecture:

However, my personal recommendation is the Architect
Joseph Lalli from EDSA (<http://www.edsaplan.com>) who is

really an excellent and multi-tasker architect. He has a diversified portfolio which shows his great experience and I know him personally. I do recommend approaching Joseph for the same. Tel: [REDACTED]

I am ready to discuss it further if required.

Kind Regards,

Saeed.
