thank you! i think maybe getting her Vera Wang could be helpful, and then mentioning to her that I had asked you this as a favor. I want her to see that my intentions for her have always been good, so that this russian guy can stop putting ideas in her head. she tells him EVERYTHING which i don't think is good for either of us.

did she tell you she wants to leave me? if you fill me in on what she has said to you I will not say anything, i just want to understand the situation, because at this stage it's getting very complex!

yes, and what's worse is that regina listens to him! so what to do? are you able to help mediate? I know she would listen to you. maybe your russian girl can help, the one who showed regina around that day? what i would like to know is what the problem is for her to keep this guy out of my life. i don't think it's right for me to manage a girl and then she brings her personal life, boyfriend, etc. into my life.
