B&H do not have in stock yet and are unable to give me a date other than they anticipate mid April.

I phoned Wacom directly. They cant give me an exact release date other than mid April.

B&H are accepting pre orders. Wacom do not and I would have to keep checking their website to see when released. No wacom store in NYC, they are sold at retailers like B&H.

Should I place a preorder with B&H?
