Subject: iTune ID and Password

Good day Mr. E,

As per your instructions the iTunes ID and Passwords for LSJ iPads are changed to the following new account:

Itunes id: [REDACTED] (ID already entered in following iPads : tiki, chill lax room, and flag pole pool)

Password: [REDACTED]

There is an App: 'Spotify' which has playlists and music on the Flag Pole Pool iPad. I did not trouble this app in fear that I lose the info. Please advise if it safe to reload this app under the new account.

Regards

JRuan
