I don't believe that everything can be installed and calibrated in 2 days if we complete in 2 days only 2 days will be charged
We have used this Sub before in the Boeing and was not enough was just anticipating the same outcome. If you feel one is enough we can use only one.

MSRP on the Sunfire Amp is \$4450 and \$2600 is well below Direct dealer cost we might be looking at a different model

As far as the Crestron I know we have the Remote already but we are replacing the Audio Video Equipment and the Program will need to be Rewritten.

Please let me know if I can answer anything other concerns

three things jump out, why three days. ? as it is a 2700 watt , we only need one sub, the sunfire amps sell reguarly for 2600 \$, why the crestron program , we already have a crestron.
