

Voodoo Chant to find a Sexual Lover

Cut out this chant charm Thursday morning between the hours of 1-2 am Write your wish on the back of this charm and make yourself relaxed with no one disturbing you. Look at the black center of the charm and make your wish and after making your wish repeat this Voodoo Chant **to find a Sexual Lover**

As I look into this magical Seal I can now see my sexual partner and I loving and caring for each other. We are very sexual loving and enjoying each other body inside each other now. We love each other sexually more and more each and every day. By the ancient powers of Voodoo, and in the name of the Voodoo Gods I thank them for improving my special sexual relationship now. So be it

For stronger powers I highly recommend that you burn some of my **Chant to find Sexual Lover Incense** and hold the Charm Seal over the smoke and repeating your wish. ♀
