## *Money and Wealth Magick*

You can have more money and finally become wealthy using magick, but first you need to prepare your mind for this to happen. This process will work no matter what shape the economy is in...

"When everyone else is greedy, be fearful.  
When everyone else is fearful, be greedy."

## *Reprogramming Your Subconscious Mind*

The most important step you'll need to take is to change your way of thinking about money. Any money issues you might have can most likely be traced back to your childhood. Unfortunately, that's where any type of problem or issue you have about money began...and it's been ingrained in your subconscious ever since.

Some of the terms you might have heard from your parents when you were growing up are still in your subconscious today. An example of a few...money doesn't grow on trees; not everyone can be rich; filthy rich; we can't afford it; that's not for people like us; the rich get richer and the poor get poorer; we can't afford it; and money is the root of all evil.

I'll bet you've heard at least one of these phrases. I'm here to tell you to *never* repeat these sayings...even if you're tempted! For instance, if you say, "I can't afford it," you are asking the Universe to grant your wish, so that you really will find that you "can't afford it." Instead, think, "How can I afford it?"

"Money is the root of all evil" is an incorrect statement. It's actually, "The *love* of money is the root of all evil." I truly believe that that **lack** of money is also the root of all evil!

So from this day on, get these ridiculous sayings out of your mind. This is easier said than done because they are buried in your subconscious. Just using affirmations alone will most likely not do the trick.

You need to change your subconscious because when the subconscious mind must choose between deeply rooted emotions and logic, emotions will almost always win. And whatever your negative phrases are concerning money might be, they are emotionally ingrained.

### **The Three-Step Process**

Mental magick is the combination of hypnosis, creative visualization, and affirmations. Using any of these alone simply does not work well.

Relax every muscle and nerve in your body and drop your body into a hypnotic state. When you reach the alpha stage, this is when you will use creative visualization and affirmations.

The best way for this to work, using your magickal powers, is beforehand...write down the reworked phrases on index cards...and become very familiar with them. Actually, memorizing them will work best. What matters most is that you change your deeply rooted negative emotions regarding money into positives.

You've got to constantly keep in mind the fact that the subconscious does not know the difference between reality and fantasy. Reprogramming your subconscious mind will actually show the conscious mind how to go about attaining all the money and wealth you desire.

You might see piles of gold coins flowing from the sky forming a pile that keeps growing and growing...and growing. Or a stack of bills completely covering a room in your house...or your entire house!

See your bank account statements with seven figure balances...or picture yourself driving the car of your dreams, like a Mercedes, BMW, Lamborghini, Ferrari, or even a Rolls Royce.

See yourself on a yacht sailing the Caribbean or how about on Necker Island, having lunch with Richard Branson! And your own private Lear jet brought you to this paradise!

Envision flying to Africa in your private jet, going on a safari...or being on a cruise ship in the Greek Isles. Go to Australia...or how about Tahiti?

See yourself wrapped in designer clothes...or living in your own luxurious mansion.

You can come up with your own ideal visualizations. Everyone has different ideas of money and wealth.

Enjoy this visualization for at least 15 to 20 minutes...do so as long as you want. There is no time limit, but the longer, the better. It is imperative that you really *feel* like you actually are experiencing the thrill and excitement of having all this "stuff."

After visualizing, it's time for your affirmations. State them in the present tense, like you truly have what you are expressing. "I'm flying to Africa in my private Lear jet." "I'm having lunch with Richard Branson on Necker Island." "I have all the money I need to buy anything I want in my life."

You will truly be amazed how your life will begin to change by using these magickal methods.
