

Sit in a place where you won't be disturbed. You will need to be relaxed mentally and physically. You can do this by counting down from 20 to 0 slowly with each inflow and outflow of your breath. As you breathe out say the word **R-E-L-A-X** slowly.

Having decided on your exact request, pick up a green colored balloon and place it near you.

Blow the balloon up very, very slowly and think about riches and prosperity. In fact, mentally, repeat the word **W-E-A-L-T-H** with each blow. As the balloon reaches its full stretch, tie it with green thread. Then place it in front of you, and as you look at it, picture your end desire. For example '*See*' money, money and more money, an endless amount of it. '*Feel*' the end desire. '*See*' and '*feel*' yourself spending and doing the things you want to do with the money you are requesting, from the universal forces. Finally, untie the balloon and release the air inside. That's all there is to this simple, but powerful rite. Repeat every morning and night until your desire is accomplished.

### RITUAL SIX

On the night of a full moon write a letter as follows:

On your best notepaper and with your best pen draft a letter to the Babylonian God of the moon SIN.

Insert your address and full name and insert also the address of SIN as follows:

SIN  
Lord of the Moon  
The Solar System  
The Cosmos  
C/O Universal Mind

Dear Sin,

(Insert your financial wishes as if what you are asking for will be granted by the powerful SIN)

When your letter is finished go outside and gaze up at the moon if it is obscured by cloud simply guess at where you believe the moon may be.

Hold the letter up to the moon (with the written side facing the moon) and recite the following:

"SIN Lord of the tides, grant me with all your power on this night that you reign supreme in the heavens, all that I desire in this letter. Within the energies of man all that exists tonight is ruled by you Oh SIN. Grant me my request because I acknowledge your power"

If possible and you live near the sea throw the letter into the water otherwise throw it into any water nearby preferably running water.

## BABYLONIAN MONEY MAGICK by Angel Zialor

STARLIGHT BOOKS copyright © 2008

The society of Ancient Babylon was very much like our own today. A modern thriving and enterprising culture with a desire for money being the driving force for many. Many of the magickal rites and rituals of the Babylonian magicians and sorcerers have up to this time remained secret and jealously guarded by the few who have inherited such knowledge. Of course there are the orders and secret lodges who practice what they perceive to be Babylonian rituals and like at the same time to let everyone know how 'enlightened' they are. Much as future generations of 'publicity seeking' magicians will interpret the rites of The Holy Catholic Church into their practices when such a time comes that the Clergy and Christianity are but ancient history.

So the facts are that the following rites and magickal techniques are genuine Babylonian rites with one purpose and one goal to be accomplished; the acquisition by magickal means of wealth and riches.

Allow the knowledge you are about to obtain do for you what it did thousands of years ago and bring you all the fruits you can handle in this physical world.

### RITUAL ONE

1. Sit in a straight back chair.
2. Sigh deeply as you do when you let go at the end of the day.
3. Close your eyes and command your body to relax from head to toes – by simply focusing on each part and stating: my head is relaxed...my neck is relaxed...my arms are relaxed...my shoulders are completely relaxed...my back muscles are relaxed...my torso is totally relaxed...my thigh muscles are relaxed...my knees are relaxed...my calves are relaxed...my feet are relaxed...my whole body is supremely relaxed...
4. Take another deep breath and as you exhale feel yourself relaxing even deeper.
5. Pretend you are at a carnival. You see the name as you enter "*Carnival of Life*".
6. You Win at everything you try – from the penny pitching, to the number games.
7. You look at the date on a nearby calendar. It reads tomorrow's date.
8. You leave the Carnival loaded with lucky prizes and notice the sign again as you leave "*Carnival of Life*".
9. Count forward from 1 to 5 commanding yourself to be fully alert.

I have seen where this kind of mental picturing has been followed by:

- An unexpected business deal for myself worth thousands.
- An invitation for one of my friends to join a firm at nearly double the salary.
- A chance meeting that led to a successful business partner for another.

## RITUAL TWO

By performing 'ritual number one' on a regular basis until you can actually 'smell' the atmosphere of the carnival and by use of your other senses 'feel' you are actually there you have prepared your consciousness to accept unlimited abundance.

You will now learn how to prepare a "triggering device" that can set off an explosion of wealth. That device is a dollar/pound/ note of five, ten or twenty. Wait until you have successes with these denominations before you use larger bills as your triggering device:

Here is how to proceed:

1. Relax with the note in your right hand
2. Visualize the sun above your head, beating down on you with brilliance and warmth.
3. See that sunlight entering your solar plexus (just above your navel). Permit it to enter for a few minutes.
4. Now hold the money note to your solar plexus. See it being charged by the sun's energy that you have stored.
5. When it appears to get hot in your hand, visualize yourself spending the money and its energy touching off a flow of bills in your direction. See it continuing to do this wherever it goes.
6. End the session and spend the bill as quickly as possible.

## RITUAL THREE

On any day you choose go out at sunrise into a field, park or your garden and perform the following 9 day wealth rite to SHAMASH lord of the sun.

Stand or sit and hold out your hands, palms upwards as some people do when they pray.

Look towards the sun but not directly at it close your eyes and recite the following.:

" Oh mighty and powerful SHAMASH lord of the sun and giver of warmth and light to the earth. Thank you for giving to me this day an increase in my financial fortunes."

Try to visualize for about 5 to 15 minutes that you have all your financial requirements and then sit and relax a while try to enjoy your surroundings ( have a short sleep if you can ) and return home.

The next day repeat the rite but this time have in your hands some coins and lower denomination bank notes.

On the third day repeat the rite but with a higher amount of money in your hands and do this until the ninth day you are holding notes of the highest denominations that you have.

Only use money that is actually earned by yourself and if you are really poor use coins throughout the whole rite.

## RITUAL FOUR

One of the most common requests magicians in ancient Babylon used to receive was that a person who was poor wanted to be like a particular person who was wealthy.

The following ritual evolved from these numerous requests to short-cut personal development.

This ritual although simple is extremely powerful and may result in a total change in your character and personality so consider how much you **TRULY** want to be like this other person.

Ok, if you've made the decision to use this rite here are the instructions.

Identify in your mind a person that you admire and consider to be successful. With a felt tip pen, write on the leaf the following words:

**"I desire to be like (name of person) ....."**

**Bury the leaf in your garden, or in a secluded place. As you do so, repeat the above words Leave the scene without looking back.**

Perform the rite about once a month until you feel you are successful.

## RITUAL FIVE

The ancient Babylonian sorcerers who wielded the greatest power were predominantly Mind Scientists who understood the true relationship between man and the cosmos.

The following ritual will if performed correctly bring to you a massive increase in your finances.
