THE GRIMOIRE OF OLIVER
BLACK AND WHITE MAGICKAL INVOCATIONS

BY
OLIVER BOWES

**(THIS GRIMOIRE
INCLUDES A UNIVERSAL PRAYER)**

The rituals in this book are very powerful, so keep them secret, the knowledge of names was easy for me. but the power to research this was around me and was gained through thought through my spirit guides, please follow instructions with faith and good performance and enjoy my little book of black magic evocations.

Either use the colours with or without the invocations, but understand this. using the invocations will cause great power for you in your life.

God bless

From

Oliver

MAGICK POWER CHAKRA RITUAL

1. Lie on your bed to do this ritual at your own time day whatever , build yourself up there should be no sex or intake of alcohol to perform theses rituals in the book. alcohol does not work good with occultism.
2. Relax and spend meditating on each of the seven chakras for five minutes each. visualize a ball of red light at just below your waist, breath in and out three times slowly see the power build up bigger and see the light move, feel its power. try and create vibrations by imagining , see it move up to your belly button as an orange light still keeping the first red ball of light in mind. then move to the centre of the chest and see a yellow ball of light resting there. now see a green ball of light just above your heart do the same then I want you to see a beautiful sea blue like light in throat pulsating there at the throat, then see as the light travels to the centre of your fore head, the third eye. let the light become purple like light a dream light and then the white light goes to the top of the head and still doing the breathing exercise all the way through see it become a god light with many different colours.
3. Now I want you to feel a rush of energy slowly build up in the spine, feel at total ease for five minutes building there at the bottom of your spine. then feel it rush up to the crown see golden light encase your soul in golden light and surrounds your entire aura like an egg. look from above as you see all the chakras. pulsating with occult

power.

4. Now spend two minutes on each chakra tuning and changing the light of all the chakras to the colour of your corresponding desire, like so.

White -spiritual

Gold -psychic occult powers

Black -death, destruction, discord, anger

Red, -sex lust desire, physical,

Pink rose-, love friendship

Orange -positive goals, healing

Purple -dreams, out of body experiences

I long for you as my last end
I praise you as my constant guide and helper
And I call on you today as my loving protector
Guide me by your wisdom
Correct me with your justice
Comfort me with your mercy
Protect me with your power
Let me love you, my lord and my god
And for me to be good and see myself as I really am.
A guilty person as I am in this world
A saviour who calls for respect and love
All those lives that I touch
Those in authority over me
Or those under my authority
My friends and enemies
Please dear LORD Help me to conquer my anger with gentleness
Greed by generosity
Let me have my needs instead rather than my wants
Help me to forget only myself and those who have hurt me
And for me to help others and myself and reach out eternally to others”*
