

## The Healing Touch

Learn The Truth About Healing In This Eye-Opening Conversation With Healing Icon Isabel Silva

My sister Isabel Silva was one of the first Silva Graduates trained. She was the one who could not only answer my father's questions at a very fast speed but could also already answer questions that he was about to ask. She has been working as a medical intuitive and a healer for several years. Here is a conversation with my sister, which would give you better insight in the world of Mind Body Healing.

Better and Better,
