Tracks marked 'Enochian Version' **A**re
recited in the **M**agical language
Discovered and used by 'John Dee',
magician to **T**he court of queen **E**lizabeth.

Enochian is not mere **G**ibberish; it is a
real language with a grammar and **S**yntax
of its own. **P**erhaps it is, as more than one
occultist has claimed, a degenerate **F**orm
of drowned **A**tlantis.

THE ETERNAL QUESTIONER

If time could stand still
How long life would seem
for Life is but an illusion
a state of conscious Dream
and When life is all but over
time will wait no More
life But just the question
Did you see the things You saw
and when Questions can't be answered
Answer is not to gain
was my conscious worth the Effort
And time but Stopped in vain
