CONJURATION OF THE SEVEN PLANETS,

This is in effect the summoning up of all the good aspects of the assosiative planet, as one is banishing the negative aspect by banashing the corresponding 'god name' of that aspect and summoning the positive aspect with the corresponding 'god name'.

This ritual may be done in seperate stages , in fact it is best done in t this manner unless being used to consecrate a talisman or pentacle. To do it in sections one must first make the corresponding talisman of the said planet. Each talisman should contain the magic square of the planet and any other applicabile symbols.
