

## NOTES ON THE XTUL DIALOGUES

(1) If there is no compulsive pursuit of success there is no sense of failure. (See Cycle of Ignorance) Notice also a few lines farther on "The only block to Love is ignorance." And farther on ".....sense of failure, which is the mark of ignorance."

(2) This means a true intention, of which the only criterion is actually 'knowing' (See Logic: Intention and Counter-Intention) hence the next question, which refers to a conscious level of 'thinking'.

(3) 'Ask' here refers to telepathic contact with beings or concepts or other spiritual entities that can supply information about levels and areas outside a person's immediate conscious range of vision and awareness.

(4) (See 'GOD IS') .

(5) It is interesting to note that this state, which in terms of GOD is the highest possible state in which a being can be - or rather not be, is what Scientology regards as the LOWEST possible state that a being can be in. Hardly suprising.

(6) The creation of conscious thought; the use of the intellect to think rationally (so called) as opposed to feeling and to knowing intuitively, which is the nature of conscious awareness.

(7) To xtumm (pronounced 'shtoom' ; oo as in 'good' ) is to 'kill', either physically, spiritually or mentally. depending on the context.

The extent of the 'death' can vary. For example: to xtumm someone could simply mean to silence him, to knock him senseless or to destroy him completely. Also atmospheres can be xtummed, conversations can be xtummed, contact between people can be xtummed, etc. In the present context a 'xtummer' refers to one who kills contacts and atmospheres on a spiritual level, with heavy deadening projections and attitudes.

(8) This simply means Processeans doing their jobs.

(9) Humanity lives by the inversion of this rule. It makes few OVERALL rules about sleeping, eating and working, but its social codes make the most rigid demands in the areas of recreation, stimulation, contact, thought, entertainment, etc.

(10) Out of Time (See Cycle of Ignorance).

(11) This still applies!

(12) This refers to the information contained in the previous dialogues.

(13) This refers to a technique whereby sublimation of certain compulsive patterns is practiced in the form of fantasising fulfillment of these patterns, in order to relieve some of the pressure around them.

(14) Truth is the knowledge of personal reality. Although personal realities are all different, the KNOWLEDGE of them that springs

from each man's total acceptance of his own reality, is always the same. hence truth is identical for all.

Final notes:

The local inhabitants informed us that Xtul is the Mayan word for 'the End'. That is what humanity would call a coincidence!
