OF THE LETTER YOD.

YOD, the HAND, held up creatively, the number 10. has been shown as the Root-sign, creating the Hebrew and the earlier Chaldean alphabet. Its place in the full sequence is here, as the TENTH Letter. A few further indicators may be given here. Firstly the YOD as it appears in the top of any Letter has the upward pointing tip just transcending the top of the Great Square, as issuing from the Absolute, That which has no parts, qualities or degrees, but absolutely IS. The top line of the Great Square runs along the horizontal forming the body of the Letter. In the Letter ALEPH it sits on its throne at the top of the upper right lesser square, but tilts down at the right, and so on.

VIRGO is the astrological Sign associated with YOD. As a phallic Sign, this is significant, POTENTIAL MANIFESTATION - VIRGO, suggests "Begotten of the Father" from the "WATERS" of Creation. In the Divine Name IHVH, we have these associations:-

YOD = FIRE
 HEH = WATER. } When conjoined we get vapour, thus -
 - VAU = AIR, - consciousness, while the Final
 HEH = EARTH, the condensation of Energy into Matter.

Using the Kerubic Emblems, the LION, the EAGLE, the MAN and the BULL, we get:-

YOD - FIRE - LION - LEO
 HEH - WATER - EAGLE - SCORPIO
 VAU - AIR - MAN - AQUARIUS
 FINAL HEH - EARTH - BULL - TAURUS

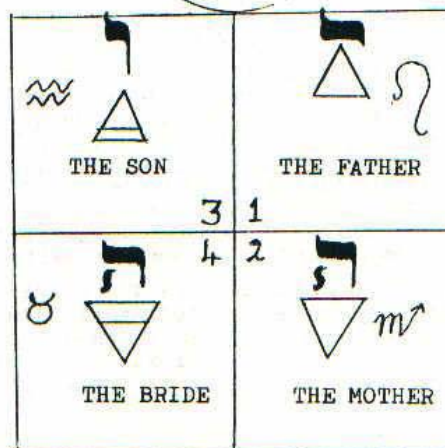

And Virgo is an EARTHY Sign.

In our system of the Squares we have,

TOP Right, I, YOD, the Father
 above H, HEH, the Mother
 TOP Left V, VAU, The Son
 above H, HEH, The Bride, the completion of all.
