Introduction

The origins of Satanism, is yet a mystery to the mainstream society... When in 17th Century, a news reporter of that stock, made a fraudulent report of the Palladian Masons, and their diabolical rites.

Again, none of that was true.

However, it is fact, that in Medieval times, a select number of peasants, held true to their Pagan roots... But also allied themselves to St.

Lucifer or to Father Satan. This more of a pact of war, then to stir up a frenzy among the Christian right. Christians at that time were unrighteously stealing land, women and harvest as well as homes from the impoverished peasants. When they allied themselves to Satan, it was a catalyst to say "Enough is enough!"

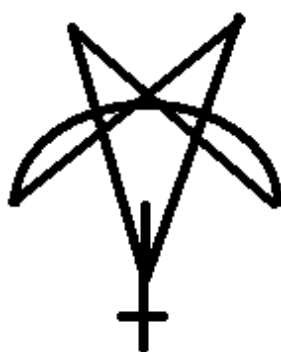

Satan has been channeled for CENTURIES to past, by these Witches (who are primarily based in Europe, where as the Witches of

America are denying, as in shame,
the allegiance of the Infernal
Father), and when channeled, they
received messages in the form of
Sigils, scribblings, a form of
speech thought to be of Demonic
tongue, etc. This is the truth of the
matter, that these witches are truly
the Children of Satan... Not some
half baked scheme that Satanism is
a stanchied bobine fecal matter of
Atheism! Satan is Spiritual,
Satan is Man's true Father!
Satan shall not forget his Children
like Jehovah would! Now, as we

peer into the Occult Veil, I shall,
with no further adeau, bring you the
LE DRAGON NOIR... Or, The
Black Dragon!

The Sigil Magick
Of
Le Dragon Noir

The Sigil of Satan

This is the official Sigil of the Father in the Angels of the Seventh Dawn - Temple Satanis (for Now, it will be called Temple Satanis). The idea behind the Sigil of Satan, is to channel, and to also give solace to yourself, knowing he is watching you.

The Sigil of Baphomet
Official Temple Satanis

Sigil

This is unlike the Baphomet from the Church of Satan... It is genuine and original then the CoS versions. It represents life, and material responsibility... Also a Spiritual understanding, due to Qabalistic icons (Shin-Teth-Nun).

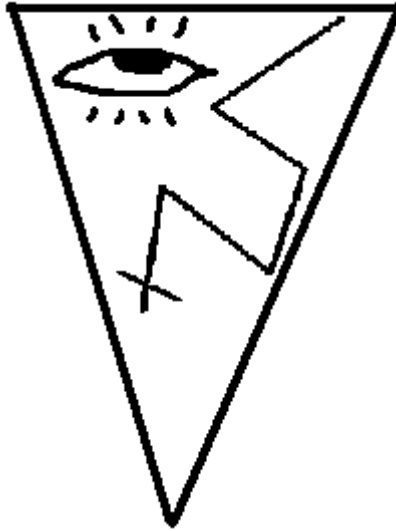

The Sigil of Lycanael

Lycanael is the Angel who fell and is cursed with a wolfs head, wings of a dragon, and horns of a ibex goat. His torso is very much manlike, but the lower body is of a goat. He has a long phallus. He is to be called upon when alone or in a time of need in solitude... But beware, the curse of Solitude could last your entire mortal coil!

The Sigil of Thyrael

The Angel of War and Death by War. Fell from Grace, with iron armor grafted to the skin, and a face mask so hideous, that when looked upon him, you would be enfrenzied by overtaking instincts of War/Death. The brain would be lobotamized.

The All Seeing Eye and Sigil Of Unael

Unael is the great seer of Hell, he is cyclopean, or of one eye, but yet, he sees all that passes present and future... It is said he knows the past as well.

The Sigil of Azabetz The Spiderine

Azabetz is in the form of a gargantuan Spider... Or takes on a human form of something more "spidery."

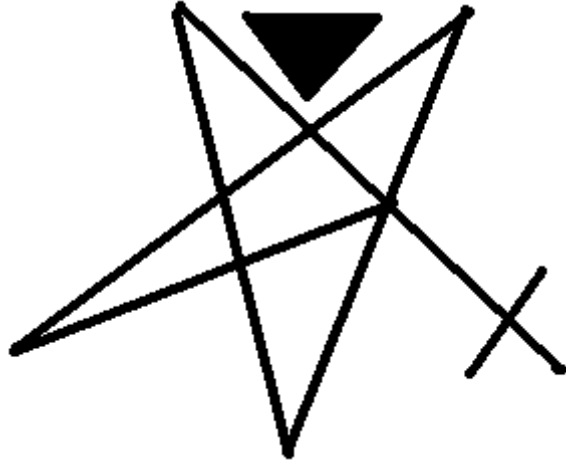

The form is very slender, and limberous... She is pale, and her hair silvery... Her face is very long,

but yet hideous. Her fangs are in a spider like mandibles.

The Sigil of Blasifer

Blasifer is the General of Hell's war upon Heaven, he is also known as Agares, Abigor, Azazel, etc. He is excellent with weapons of combat.

The Sigil of Arkael

Arkael is the bastardized and parody
of the Arch Angel Michael... The
Arch Angel Michael has no rival,
save his illegitimate twin, Arkael.

About the Reverend Sebastian Kain and his Thoughts of the Uroetia

Rev. Sebastian Kain has all his life felt a dark presence that made him different unto his fellow man... He came upon a college of his, and learned from his colleges Mystickal gifts, that Sebastian was assiminated with a demon. Before then, Sebastian knew something beyond his grasp was inhabiting his very soul. Through this conference among his college (who we call

David F.), it awakened a new gift in Sebastian. After many years of being a LaVeyan Satanist, he felt jaded to the fact that Satan, the Devil, was older then what a man wrote on a piece of paper.

Disgusted by the hypocrisy of the Church of Satan, and what Modern "Satanism" stood for, Sebastian felt that he must make a more traditional form of Satanism...

Thus the Angels of the Seventh Dawn - Temple Satanis, was born, along with Sebastian Satanism.

His thoughts on the Uroetia:
The Uroetia is incomplete, what is
missing is the Minibook on the
Uroetic Ritual... Uroetia is not my
idea, but the Demoniac presence
inside, discovered this tome... I will
therefore bring you further to the
next Minibook on the Uroetic
Ritual. Along with Seiremic, the
tongue of the Seirem (the goat
headed human like creatures that
was disdained from God's light)...
May Satan be with you!

Hail Satan
