

Orgone Committee Astral Meeting Spot

Image: A white round building, 18 feet in diameter, 18 feet tall with a dome roof of the same white seamless stone, and a gold door. Set above the gold door in the stone is a Sigil. The building is in the center of an island, oval shaped 1800 by 2700 feet, and covered by trees mostly, except for a clearing of 40 feet on each side of the building. The island is slightly rounded towards the center. It is in the middle of a deep mountain lake (tarn) the waters of which are black and often mirror still. The lake is an almost perfect circle set at the apex of a vast foreboding mountain that was once a volcano. The skies are usually blue but there is often no sun.

The time for the meetings for this Astral Clubhouse when all or most members can be expected to be projecting there varies.

Communicate with the Founding Committee to find out the current schedule. Write to: Dream Subcommittee c/o Orgone Committee PO Box 614 Vanbrunt Station, Brooklyn NY 11215

There are a number of ways to test if you have actually been astrally projecting, or imaginatively projecting:

1. While you feel yourself to be there, to try to reshape the image you are seeing; if you can, you are imagining; if you can't, it is most likely that you are projecting.

2. Write to Founding Orgone Committee concerning any other features on the island you see/hear/feel/smell especially:

- a: The Sigil over the Gold Door

- b: Whether you are able to gain entrance to the Island, or Building at all, and if you were able to enter the Building, what was inside.

- c: Who, if anyone else, you met on the island.

- d. What else of interest, if anything, did you sense on the island.

We would be curious to hear from you what results you get in any case, and every response will be answered. Please bear in mind, though, that you need to keep track of the facts - when, where, how, who, etc. in order for us to be able to make real use of what you send us.
