Steps for Requesting a Comprehensive Life Kundali

STEP 1: Collect birth information for the following living relatives:

Mother, Father, Husband or Wife, Children.

You need to provide birth date, birthplace and exact birth time. Information can be obtained from relatives, birth certificates, hospitals, etc. Please see the enclosure: “Collecting Information for the Maharishi Jyotish Program Comprehensive Life Kundali.”

STEP 2: Fill out a special form for any relative whose birth time is unknown.

If the birth time cannot be found, the panel of experts in the Maharishi Jyotish program can determine the correct birth time for a relative using information you provide, including at least 8-10 exact dates of specific events in that person’s life. Please call our office for more information and a form for Ascertaining Correct Birth Time.

STEP 3: Fill out the Application for Comprehensive Life Kundali (2 pages), Planning Form and Credit Card Authorization Form.

Give the total number of relatives in the CLK, and calculate the fee. Add the number of relatives for whom the birth time rectification service is being requested. Indicate which additional services you are requesting. If requesting answers to questions, type consultation questions on a separate page, or write on CLK application if room. *Note: To receive Maharishi Yagya recommendations, it is necessary to have a Maharishi Jyotish consultation.*

STEP 4: Submit completed application to our office (Items in Steps 2 & 3).

The panel of pandits will prepare the Comprehensive Life Kundali, and we will contact you to schedule a telephone consultation. You will receive recommendations for a Maharishi Yagya performance following the consultation.
