# Quick FAQ

- Q: Will the recommended migration tools cost the customer or are they free?
- A: Two of the tools (Ispirer and DBMoto) cost; the others are free of charge.
- Q: Do the migration tools only work with Oracle?
- A: No, they can migrate other databases also.
- Q: Do the migration tools run on all platform?
- A: A few are WIN-only, however they can connect to and migrate databases on all platforms.
- Q: Do the migration tools need to remain after the migration is complete?
- A: The replication, ETL, and admin tools could remain given certain customer use cases.
