# LUCID

DELUXE EDITION

aiSeNMa

Don't know where I am  
Forgot what happened  
My head won't stop banging  
And everything's blurring

Close your eyes  
Can't let it get to me  
Don't let go  
Hold on to reality  
See the lies  
Don't succumb to it  
Keep your head  
I'm not going to quit

The beat drops and it's game over  
Feeling numb, everything's a blur  
I can't hold on any longer  
I'm losing, it's getting stronger  
The beat drops and it's game over  
Feeling numb, everything's a blur  
I can't hold on any longer  
I'm losing, it's getting stronger

I gotta get my head right  
Can't let it get in  
I have to make it through the night  
But I can't win

!!ERROR!!

sAnlty もう見えない黒  
pUrly もっと長い日々  
sAnlty それも沈まなきゃ  
「sAnlty」 ...って何ですか？

甘い言葉

あたしを見てくれる  
臆面を隠すな  
これまで一人きり  
一緒に火を灯さないか？

甘い言葉 忘れないで  
誰かのものに成りたいよ

ここから逃げ出して  
熱情の場所へ行こう  
今の場所はいやだ  
踊っても慎みが無い  
あふれ出した欲望と好きになれば  
遊民財はきつとハートを溺らしてよ  
ね  
止まりたくないわ

こっちおいで 無限通りにしよう  
その汚れを今すぐに吐き出して  
こっちおいで 無限通りにしよう  
その汚れを今すぐに教えてね？

## Synthesized Love

The light is fading  
From this affection we hold  
All that we're losing  
Thrown out in the dark and cold  
The love that we shared  
Replaced by lust and hatred  
Can't help but feel like  
All romance we had is dead

Time without you  
Spent on strangers and I  
Feel lost from you  
The touch can't be compared

This emotion  
Can't exist in this world  
Loving just one  
Can't feed my desire

[Aah...]

Synthesized Love  
Destroying everything

## リカバリー

諦めたサバイバル  
冷た過ぎる息（遺棄）が  
無想になって程  
ハートを砕いてた  
自分を閉じ込めて  
無邪気に立ち上がって  
そして気付いた事  
ちょっとメンタルでしょ

falling freeしてた  
But everything good must come to an  
end  
ブローケンになれた  
They couldn't put me back together  
again

腐ったmemories  
気配を殺したんだ  
欲しいなりカバリ  
私をまた見放した

どうすればいいかな  
この声と話そうか  
偽者って知ってのに  
貴方の声みたい

deformedの壁は  
普段に閃いた  
ライトを誘わない  
阻むブリックのせい

このmoment また良くなったり  
このmoment 痛みを忘れたり  
このmoment また絶望したり  
このmoment 芳情が足りない

## Lie

Why can't it be perfect  
This love's not even real  
Why don't I cry for you  
Love was dead from the start

I don't want you  
I don't need you  
I'll forget you  
It doesn't matter  
I'll play along  
Writing our song  
We are perfect  
I-I love you

No, this is all wrong  
Why aren't you gone  
I know you're not that strong  
Don't listen to me  
We'll always be  
So perfectly happy

The lies you succumb to  
Blissfully unaware  
I don't know how you can't  
See through my facade

And maybe one day I'll  
Get to see your smile  
In the arms of someone  
Who loves you like I do

## Shatter feat. EmpathP

鏡の中に立つのは  
壊れたImitation  
「大丈夫」とつぶやいて  
空っぽなReflection  
聞こえるかな？  
胸の奥に悲しい声の響く音  
淵の端に 一歩踏み出して  
落ちてゆく

## Shatter

私を叩き割る

## Shatter

ねえ お願い 世界を止めてよ

心に溢れ出すのは  
栗しいResignation  
思い出を紛らしても  
まだぼろを出すReflection  
見えるかな？ きっと空は泣いて  
悲しいそう どうしょ？  
淵の端に 一歩踏み出して  
落ちてゆく

Here we go, back to where we started  
Once again I'm left broken hearted  
And you don't seem to care much for  
the pain that you left me in  
Just another game we're playing  
Just another song we're singing  
But I think it's time I brought this  
fairytale to an end

## I(愛)

I know the cryptic way she hides it  
I see how she fakes her affection  
I've tried to understand everything  
But I guess I'm just a hopeful fool

To her I'm nothing  
We weren't anything  
Just a basic test  
An experiment  
I know it's pointless  
I know it's worthless  
But I won't give up  
I won't surrender

I won't let him steal you from me  
I'll save you and then you will love me  
I won't let you do this to yourself  
I'll save you, we're perfect together

I don't get why she's not listening  
I am fighting an abandoned war  
I tried to show her the way I feel  
But I guess I'm just a hopeless fool

You will see  
It will finally  
Be just you and me  
Till the end of the world  
I want you  
I deeply need you  
I won't forget you  
You're my sanctuary

## Finale

My show's end will come soon  
I could never reach you  
Messages won't find you  
"I miss you, I love you"  
Finally we can be  
Together, you and me  
This is my finale  
It's over, I'm over

Now I can see  
How it would be  
I have to leave  
At my desire  
Reach for the end  
Cry at my hand  
Tears will descend  
I have to end this

Head is a blur  
Pull the trigger  
Smile wider  
The end is here  
No more fear  
I will see you  
I will feel you  
I will have to  
Create my Finale

## mErcy

穏やかなく声がそこ響く  
眠りたくても貴方が歌う  
ただ届かなから僕を見つ  
嫌いな白かむ闇に連れ去  
貴方を包む世界をなれ  
理性の世を忘れないけ  
鳩は鳥になるけれど  
闇を愛して待つよ。

冒流と禁断の木の実は事を教えてよ  
僕は逃げられないならば  
貴方の腕、奈落の底へ行こう

ひどく明快 甘く歪んで  
狂気のドアを開きたい  
業火で僕の無邪気を焼き尽くせば  
そう、欲望に負けるはずなの

心は解けて空も消えて  
変わるモノクロ  
この真夜中  
幻が突き抜けて  
影を見てから  
何も考えられない...!

冒流と禁断の木の実は事を教えてよ  
僕は逃げられないならば  
貴方の腕、奈落の底 今

## Show no mErcy

この時は  
Kill pUrly  
燃やしつくし  
Show no mErcy  
負けたもの  
Leave sAnlty  
斃されて

Show me no mErcy!!

## Circus Monster

Time is dead and gone, show must go on  
It's time for our act  
They all scream at me, they cannot see  
This curtain hides me  
An amazing gift, so quick and swift  
You were amazing  
By myself I can't, they start to chant  
Why are you not here?

Grinning at me, I lay on my knees  
They want to hear me, why can not "he" see  
I want to see you, I need to see you  
I have to see you, what happened to you?  
We get up onstage, they jump to enrage  
Why are you not here? Why is "he" so near?  
"He" wants me to sing, I just cannot bring...  
I say "he's" not you, what else can I do?

Singing its silent song of misery  
A monster lies trapped in its own nightmare  
He is a tyrant, it lets out a plea  
"Why did she have to leave it all alone?"  
Bound to sing for us, a worthless monster  
It never sees us, it despises us  
Lying so useless, we start to holler,  
"Hey, get up, you worthless Circus Monster!"

I lay all alone, I should have known  
You would have left me  
"He" smiles at me, I cannot see why "he's" in your place  
They can't tell me why you said "goodbye" right before our act  
Those two young lions were always fun  
Why did they leave, too?

Roaring at me, I lay on my knees  
What is happening? I can hear you sing  
They will not obey, they've been lead astray  
Will I still see you? I have to see you  
I panic and flee, they both pounce on me  
I fall to the ground, I can't hear a sound  
I look up and see you are not with me  
Am I all alone? Where could you have gone?

## You Are Mine

側にいるのは誰か? You traitor  
欲望を見せるはずだ You traitor  
君の全てが私の物  
私を軽視するな You traitor  
「仕方がないだ」なんて嘘だ  
ほら見て 彼女が座を立つよ  
どうしたの? そんな顔しないで  
君の全てを懲らそう You traitor

三人って違う 二人だけでいい  
「誰か?」と自分を助けられないよ  
浮気を直して 敬称だけだね  
現状否定が口惜しいだから

君を閉じこめてしまおう  
誰に見られないように  
あら?目をそらししないでよ  
彼女がいても You are mine

歩き去る事許されない  
何でこの愛を捨てたいの  
彼女がこちらに近寄っていく  
なるほど 二人を分かちたい

「ええ...ちょっと待って...あんた誰ですか?」

## Selfish

I hate what we fight for, I hate what we cry for  
How can they compare love to life?  
So stupid, so pointless, the everyday voices  
Care nothing but for petty strife

There's nothing to do  
There's no one to see  
None of them can ruin this fantasy

I make up a smile and stay for a while  
And no one seems to disagree  
That one-man play set to go live any minute  
will never see its finale

Oh, but I'm fine  
I will not go  
I'll be alright  
Won't go that low  
Oh, but I'm fine  
No one will know  
I'll be alright  
It's all for show

So maybe I'm selfish, for daring to feel this  
But I can't bring myself to care  
May my disenchanted desire be granted  
And let them dissolve everywhere

## The World Tonight

Speak to me Carefully  
Show me how, Right now  
Take away all I know  
Let this stay, let it go  
Oh, I wanna know just where to go  
To get this how on the road  
I can't wait to fly Oh, oh so high  
Up in the sky today so

Gimme just what I seek  
Gimme all that I crave  
Gimme something I need  
To see the world tonight  
Show me how to get down  
Teach me all your secrets  
Take me all around town  
We'll see the world tonight

Gimme Gimme something I need  
Come hide with me and you'll see  
How we do it, the way is sick  
Teach the normal to be twisted

These sweet words of yours have turned into wars  
Of endless cravings and needing more  
But I don't want to stop all that we know  
This moment with you, I cannot let go

So I'll go on and give in to you and  
Risk everything and stay until the end  
Now listen to me, give me what I need  
So that we will see the world tonight

Don't stop moving for me  
Keep on dancing for me  
You are perfect for me  
To see the world tonight  
I wont stop this for you  
I'll keep dancing for you  
I am perfect for you  
We'll see the world tonight

## Muffins

You don't understand what I'm saying  
You think you're the most wonderful thing

Whoa  
You're stressing me out

Whoa  
You're not listening

Whoa  
We can't talk about  
Whoa  
Much of anything

Why don't you take a minute and just look at me  
Do you think I'm that much of a monstrosity?  
When you glare at me I feel like my heart is free  
So, why don't you take a minute and just look at me?

I'm losing patience  
I cannot take this  
I feel neglected  
Without your Muffins

## Repeat II

DJ, crank that beat just for me  
On repeat, oh on Repeat, oh  
I just need to let free  
To clear my mind, Oh just one time, Oh  
On the floor I need more  
Just gotta let go, just gotta let go  
My mind's gone, nothing's wrong  
I'm on repeat, Oh on repeat, oh

It's taking over  
It's under my skin  
My head is a blur  
I just gotta let it in  
It's burning inside  
Just gotta let go  
We will be your guide  
Welcome to the show

On Repeat  
You can't escape  
The hardcore beat  
I'm on Repeat-on Repeat  
Don't stop moving  
'Til the night's over  
It's under your skin  
We're on Repeat-on Repeat

I can't control it, I can't quit  
I'm on repeat, oh I'm on repeat, oh  
Turn it up, can't get enough  
Oh It's taken over, it's taken over  
I'm a slave all I crave  
I gotta move, oh I gotta move, oh  
Tonight's gone what went wrong? Oh,  
Let's go in reverse! Let's go in reverse!

Like a broken CD  
Scratching I cannot breathe  
Can't control my body  
Everything's repeating...
